

The ECB is seeking talents for paid traineeships in IT Security

As a trainee at the ECB, you will be able to:

- put in practice the knowledge gained during your studies and acquire new skills by working in experienced teams;
- keep abreast of IT Security landscape and boost the opportunities for your career prospects;
- work in a multicultural, dynamic and professional environment.

We have several positions available, with roles spanning across security engineering, security operations, and security governance. You'll be involved in a wide range of innovative activities, including IT risk management, network security, identity and access management, cloud security, vulnerability management, penetration testing, threat intelligence, and security awareness.

You will be granted 1.170€ monthly plus accommodation.
